

The Polish Language Experts
Technical Translation

Introduction

Wratislavia Translation House is a professional translation agency, seated in Wrocław, Poland, specializing in business, economic and IT texts, in particular in the field of SAP solutions and software.

Mission

Providing professional translation services within time and budget and supporting our clients in making the right decisions during the whole translation project.

Technical translation

Technical translations are one of the specialties of our agency. We have been preparing translations of technical texts (mainly from English and German) for our clients for many years. We have an experienced team of technical translators and reviewers, who take care of the quality and consistency of this type of translations.

Technical translations include:

- operation manuals
- descriptions and technical specifications of machines and equipment
- specifications of spare parts
- product catalogs
- service manuals and documents
- training materials
- technical leaflets, advertisements and Websites

Specific features of technical translation

The knowledge of a client's industry and a related specialized vocabulary plays a key role in translating technical texts.

It is also necessary to use specialized translation software, which ensures the translation consistency and enables working with many files simultaneously.

Translation languages

Most often, we make technical translations from English and German. Our team has a long experience in translating this type of texts into Polish.

We can also offer you technical translations from other European languages, e.g. from Russian.

Cooperate with us

Our agency has been actively operating in the European market since 2005. Our team consists of professionals with over ten years experience, which ensures the high quality and timeliness of translation services provided by us.
